Class Time: 5:30 PM - 8:00 PM Tuesday
9:30 AM to 12:00 PM Saturday

Room: Online via Moodle and Microsoft
Teams

Credit: 3

Prerequisite: None

Note: It is the student's responsibility to be familiar with the information contained in the Course Outline and to clarify any areas of concern with the facilitator.

Course Description:

In this course the student will gain an understanding of the foundations of language acquisition and literacy development. A key focus will be on how to improve language and literacy in speech, reading, and writing and what strategies will help students of all abilities to succeed in these areas. There will also be a discussion on modifications for literacy learning due to various exceptionalities and individual learner needs in an inclusive environment.

Learning Outcomes:

As a result of active participation in these sessions, a student can expect to:

- Identify and discuss the main perspectives on children's language acquisition.
- Develop an understanding of how children acquire and develop language.
- Identify how educators can accommodate for the diversity of learners needs and abilities.
- Describe how educational research in the area of literacy can enhance educational practice.
- Understand, compare, and evaluate perspectives on language acquisition.
- Begin to develop an understanding of how to facilitate oral language learning, reading, and writing.
- Identify emergent literacy strategies.
- Develop various methods to facilitate individual and small group literacy strategies.
- Identify strategies to improve learner's language acquisition and literacy skills.
- Develop an understanding of how to support family literacy initiatives.

Course Format:

This remote course uses a variety of online teaching/learning methods including discussion, personal reflection, experiential exercises, student presentations, role-plays, group activities and especially case studies. Our faculty aims to create a learning environment where the learner is actively engaged in inquiry, critical thinking and problem solving. The online classroom provides you with a place where you can learn with and from others in a cooperative and collaborative manner.

You are expected to take a very active part in online class discussions in addition to taking responsibility for your own learning. The course expects you to be a positive and co-operative team member. Columbia College uses a facilitation model of instruction where the facilitator's role is to facilitate your learning. The expectation is that you will come to class prepared with pre-class homework completed. Your facilitator will engage you in activities that are based on your completed homework and readings. Your enthusiastic and positive approach in the classroom will create an atmosphere that will help every student develop the knowledge, skills and attitudes that are needed for success.

How you conduct yourself in our synchronous and asynchronous class activities will, to a large extent, mirror your conduct in society and your future work site. For example, if you have a tendency to ask questions, challenge the ideas of others in a respectful manner, draw out the best from your colleagues, and encourage both group development and task accomplishment in this class, it is likely you will do the same at work. A high level of student involvement and developing professionalism is expected in the online classroom as you work towards your goal.

Any absences can be viewed as a potentially serious disruption of the learning process and necessary achievement of the learning objectives. Being late is also considered unacceptable as it interferes with the learning opportunities of others. Unavoidable absences or lateness must be reported to the course facilitator in advance. Please refer to Columbia College's *Attendance Policy and Regulations (ADM-P151)* for detailed information on Attendance Requirements.

Academic Integrity:

Academic dishonesty is a serious offence and can result in suspension or expulsion from Columbia College.

There is no tolerance for academic dishonesty and any student caught plagiarizing is subject to serious sanctions as outlined in the *Student Code of Conduct Policy (ADM-P229)*. Students are encouraged to familiarize themselves with this policy and avoid any behavior that could possibly be seen as cheating, plagiarizing, misrepresenting, or putting into question the integrity of one's academic work.

Student Conduct:

It is the responsibility of each student to uphold the expectations and responsibilities outlined in the *Student Code of Conduct Policy (ADM-P229)*, *Columbia's Commitment to Human Rights and Diversity Policy (ADM-P204)*, and any additional requirements established by your program.

Appendix 1 Assignment Outlines

Please note: Students must complete all assignments, tests, and final projects in order to pass this course.

Daily Tests Due Date: Each class from classes 1 through 10.

Weight: 25%

Students will be expected to read the assigned chapters in the text and other assigned readings and be prepared to write a graded quiz based on these reading assignments.

All Daily Tests will be available on Moodle until 11:59 PM on the day of the class.

All Daily Tests will:

- Have 30-minute time limits
- Have a one-attempt limit

Assignment 1: Literacy Development

Due Date: Class 5

Weight: 25%

Part 1: Book Survey and Selection

Consult a range of various texts that you might consider using with students for literacy development. Focusing on early-emergent or emergent readers, select age-appropriate texts that could be used for shared reading (big books), read-alouds, and/or independent reading. From these, choose **two** books that you feel are best suited to classroom use. For both these books, tell us what age/grade you believe they would be best suited to, and give us your rationale as to why you choose those two particular books. Your rationale must focus on relevant literacy and language-development considerations. (Saying, "I like the author," may be true, but it doesn't tell us why the book is likely to be effective for supporting students' learning.)

Part 2) Literacy Development Activity

Based off of **one** of the books you choose in Part 1, develop age-appropriate materials and an activity to support students' literacy development. Choose **one** of the following options.

- a. Create a classroom alphabet and related literacy activity for students.
- b. Design an **interactive**, age-appropriate, attractive, and clearly-written literacy chart with patterns that highlight phonics or spelling for instruction. Include an activity to demonstrate how students would interact with the chart.
- c. Design a literacy game that also supports math skills development.
- d. Create a bingo game related to your topic that supports literacy development.

This assignment will be assessed using the Literacy Development Rubric.

Assignment 2: Critical Writing Response- Language, Literacy and Differences in Learning

Due Date: Class 8

Weight: 25%

Directions: Write a paper in which you will apply your understanding/learning about language and literacy to address the following items: #1 has three related parts. #2 and 3 are one part each. Your paper should include brief introduction and conclusion paragraphs and should follow APA formatting guidelines. Include a minimum of 1 external source not including your course text (you may use your text book, but must reference at least 1 additional source), with appropriate references and citations.

1. A) Choose **one** exceptionality or difference in learning style and discuss how it affects how students acquire language.

B) If students with this exceptionality/difference do not experience a literacy-rich learning environment, what would be the possible long-term effects on their learning?

C) How can intervention strategies and a language-rich classroom environment affect these students' learning? Give examples of intervention strategies to consider. Describe what a language rich classroom environment would look like for these students.

2. Describe the literacy development of a child who is learning more than one language at a time.
3. Discuss the connection between school and family in achieving literacy learning outcomes.

Writing Assignment Expectations:

- **Objective:** The objective of this writing assignment is to critically apply concepts, ideas, and procedures to facilitate higher level learning. The assignments are designed so students can demonstrate the depth of knowledge related to the course content.
- **Focus:** This assignment is designed to apply knowledge from the chapters and class discussions.
- **Format:** This assignment should be typed and double-spaced. Do not include title pages. Include your name at the top of each page. A minimum of one-inch margins on each side. 12-point Times New Roman font is preferred. Each assignment should have a **minimum length of 750 words but is not to exceed 1000 words**. This assignment will be assessed using the Critical Writing Response Rubric.

How to avoid plagiarism?

The simplest way to avoid plagiarism is to reference any source properly (using both in-text, parenthetical citations in the body of your assignment and a "References" page at the end. While it is commonplace to build upon the knowledge of others, it is necessary to clearly state the sources and foundations of that knowledge.

Final Project –Presentation

Due Date: Class 10

Weight: 25%

Directions: Pick a topic from *Constructing Meaning* of interest to you to explore further. Choose a narrow, specific topic over a broad, general topic. If you are not sure about the suitability of your topic, consult with your instructor well beforehand. You will be either a) presenting live via screen-share, or b) pre-recording your presentation and sharing it for your classmates to watch during class. Audience members will be expected to respond with questions and/or feedback.

- Once you have chosen your topic, research it and prepare a **7-10-minute presentation**. Using PowerPoint or a similar presentation tool, do **one** of the following:
 - a. **Present to us as your fellow educators. Teach us what we need to know about the topic directly.**
- OR
- b. **Deliver a mini-lesson as if we were a class of your school-grade learners (K-8). Include time at the end to explain why you did what you did (the theory behind the delivery).**
- Whether you choose A or B above, your presentation needs to **enrich and deepen** the understanding of that topic provided in your text book.
- Your presentation **must address the following**:
 1. what your topic is
 2. why you chose it
 3. why this topic is important to K-8 literacy and/or speech development
 4. what specific literacies/development it addresses
 5. what educators need to know to affectively understand and/or implement the content of your presentation
- Provide a **list of references** in APA format (**at least 1 external reference required**). Include the reference in a reference page in your visual supports (e.g., at the end of a PowerPoint presentation).
