**Course Description:**

This course is designed to assist students who require intermediate language training (Benchmark 6+) to prepare for a professional program. Focus is given to the development of reading, writing, listening and speaking competencies. A major emphasis is placed on active participation to encourage confidence in responding to various situations in their chosen field. The course ensures intensive English language vocabulary development, as well as, career-related vocabulary. Focused pronunciation, rhythm and intonation practice is included in each class.

**Learning Outcomes:**

As a result of active participation in these sessions, a student can expect to:

- Demonstrate improvement in vocabulary, sentence structure, and grammar.
- Write a series of meaningful responses to work place or employment related situations.
- Read a variety of short texts, locate key information, and discuss the central ideas.
- Listen effectively and demonstrate the ability to open a conversation and continue a meaningful and interesting dialogue
- Ask questions and respond to work related inquiries.
- Write observation notes and other information useful in a work place setting
- Demonstrate confidence in interacting with others on a daily basis within a formal setting
- Understand expressions that clients or patients might use in describing their situation
- Improve pronunciation, rhythm, and intonation

## Course Format:

This course uses a variety of teaching/learning methods including discussion, personal reflection, experiential exercises, student presentations, role-plays, group activities and especially case studies. Our faculty aims to create a learning environment where the learner is actively engaged in inquiry, critical thinking and problem solving. The classroom provides you with a place where you can learn with and from others in a cooperative and collaborative manner.

You are expected to take a very active part in class discussions and take responsibility for your own learning. Be a positive and co-operative team member. Columbia College uses a facilitation model of instruction where the facilitator's role is to facilitate your learning. The expectation is that you will come to class prepared with pre-class homework completed. Your facilitator will engage you in activities that are based on your completed homework and readings. Your enthusiastic and positive approach in the classroom will create an atmosphere that will help every student develop the knowledge, skills and attitudes that are needed for success.

How you conduct yourself in our classes will, to a large extent, mirror your conduct in society and your future work site. For example, if you have a tendency to ask questions, challenge the ideas of others in a respectful manner, draw out the best from your colleagues, and encourage both group development and task accomplishment in this class, it is likely you will do the same at work. A high level of student involvement and developing professionalism is expected in the classroom as you work towards your goal.

### Assignment Outlines

**REFLECTIVE JOURNAL:** Each class your facilitator will assign a topic for you to think and write about in your Reflective Journal. This ongoing activity will help you to learn how to think critically and practice communicating your thoughts on paper. The response will be done for homework and handed in at the beginning of the next class. It is important to keep up with these assignments so that you get regular feedback from your facilitator. Frequent writing followed by coaching from a facilitator is the best way to improve your writing skills.

**ASSIGNMENTS:** All assignments must be successfully completed and handed in to complete this course. These assignments are preparation for your program and work site. Each assignment is worth 5 marks.

#### **Assignment #1; Formal E-mail: Assigned Class 2; Due Class 5**

You would like to request a change in your schedule as your husband/wife has had a change in his or her schedule, and you need to have coverage for your children when they come home from school. Type an email to your supervisor requesting a change and email it to your facilitator. Follow a business format. Total number of words: 150

#### **Assignment #2: Observation Report: Assigned: Class 3; Due: Class 7**

Make a 30 minute observation outside of your home. It can be made at work, at the shopping mall, at church or any other place where you can make detailed notes. Remember that an observation is factual and not judgmental. You need to be seated and watching carefully. Make jot notes of what you see.

In a report, state where, when, what, and how you made your observation. You do not need to identify names of people. Then, write a description of your observation. Write your report in a clear, well developed paragraph.

Submit the notes that you made and your report for marking.
