

# Professional Development Workshop

# Managing Complex Behaviours

Recognized by the Alberta  
Child Care Funding Program

Are you looking to deepen your understanding of child development and behaviour expectations? Would you like to learn effective guidance strategies and techniques to promote positive behaviour in young children?

This engaging workshop is for everyone who works with young children. Whether you have been working in the field for several years or are just beginning your career in Early Childhood Education, this professional development will provide you with practical strategies and techniques to use with challenging behaviours.
