Students will be engaged in regular, synchronous, and asynchronous seminars /workshops as outlined on page 8 of this syllabus. Each student will be journaling about her/his learning and progress achieved, and meeting with the Program Chair Social Services Programs as scheduled to review progress. Each student will be under the supervision of the Social Services Program Chair and/or Practicum Advisor. Attendance and completion at all scheduled seminars/workshops and practicum appointments is compulsory. Prerequisite: Successful completion of appropriate courses as identified by the department.

Learning Outcomes:

As a result of active participation in these sessions, a student can expect to:

- Demonstrate knowledge of organizational objectives and processes used in the workplace setting.
- Explain the duties and responsibilities associated with being a social services worker.
- Identify challenges that may arise in given work situations and propose appropriate responses that could be taken by a worker in the student's work role.
- Demonstrate how to deal with ethical dilemmas in an appropriate professional manner.
- Understand principles guiding your practice, such as confidentiality policy.
- Communicate in ways and use methods appropriate to a professional environment.
- Think critically to solve problems, anticipate outcomes, use and organize information.
- Demonstrate appropriate workplace attitudes and behaviours.
- Work effectively with others to achieve results: Leadership; initiative; motivate others to succeed; deal with difficult situations; reduce conflict.
- Plan a career development strategy that will incorporate learning, achievements, and contacts made through the practicum.

Course Format:

This 12-hour remote course uses a variety of teaching/learning methods including discussion, personal reflection, experiential exercises, student presentations, role-plays, group activities and especially case studies. Our faculty aims to create a learning environment where the learner is actively engaged in inquiry, critical thinking and problem solving. The classroom provides you with a place where you can learn with and from others in a cooperative and collaborative manner.

You are expected to take a very active assigned activities and take responsibility for your own learning. Be a positive and co-operative team member. Columbia College uses a facilitation model of instruction where the facilitator's role is to facilitate your learning. The expectation is that you will come to class prepared with pre-class homework completed. Your facilitator will engage you in activities that are based on your completed homework and readings. Your enthusiasm and positive approach in the classroom will create an atmosphere that will help every student develop the knowledge, skills and attitudes that are needed for success.

How you conduct yourself in our classes will mirror your conduct in society and your future work site. For example, if you tend to ask questions, challenge the ideas of others in a respectful manner, draw out the best from your colleagues, and encourage both group development and task accomplishment in this class, it is likely you will do the same at work.

This field-based course provides students with real-life field experience and assists them in learning from their work experiences. It is designed to help students prepare for their future career. The student is expected to meet with the Director Human Services Programs as requested, provide the Director Human Services Programs with the necessary documents to support their placement as required and within the timelines established.

The final assessment in the course will be based on the following elements. Please refer to Appendix A for Assignment Descriptions and further Assessment Information.

Grading in this course is on a pass-or-fail basis, subject to the student's satisfactory completion of the practicum requirements as outlined in this course outline. The Employer Evaluation and the Program Chair's overall evaluation of the student's participation in such areas as demonstrating initiative in securing a Practicum placement, attendance at appointments, attendance at regular practicum meetings, participation in these meetings, general professional behavior, provision of documents and journal entries as requested, all play a significant role in the evaluation of the student. The student should demonstrate growth through the practicum experience attained.

To meet all requirements, **the student must attend all meetings, workshops/seminars; provide the Program Chair of the Social Services Programs with the two practicum evaluations (at mid-term and final) signed by the practicum supervisor, and a practicum supervisor signed record of log hours. These documents must be submitted by the last day of the final semester of the student's program.**

PRACTICUM PROCESS

- Students are required to satisfactorily complete the following classroom sections:
 - Attend Orientation– be engaged and committed.
 - Attend and fulfil the requirements of the orientation workshops.
 - It is expected that the student will display a high degree of maturity, sense of responsibility, and a good attitude and work ethic. **Required attendance at professionalism course will be considered, along with the quality of participation at these sessions.** All academic coursework must be satisfactorily completed and a minimum G.P.A. of 2.7 maintained.
- Students will undertake their practicum placement throughout their program with as scheduled days dedicated to the practicum experience should be balanced with their school schedule. Although most practicum placements are performed on a voluntary basis to gain valuable experience, some employers *may* pay a modest hourly wage to the student in line with company policy, but do not expect to be paid. If there is remuneration (payment), the student must inform the Program Chair Social Services Programs to secure the correct agreement form.
- It is the student's responsibility to seek a suitable practicum placement with approval from the Program Chair. Students already employed may complete a practicum placement with their employer, providing the work is clearly program related and approved by both parties. The site and the type of work being performed must be approved by the Social Services Program Chair to qualify as a practicum placement in terms of this course. Only work performed during the period of study will be considered to meet the requirements of the course.
- If a student is having difficulty securing a practicum site, the Program Chair will provide support. It is the student's responsibility to ask for help.

5. A student who has identified an organization in which they would like to obtain their practicum experience will be responsible for informing the Program Chair of the necessary information and securing approval from the Social Services Program Chair for the placement site **prior** to beginning to work at the practicum placement. This may mean that the program will need to meet with the placement host site prior to granting approval.
6. Once approval is secured, the student will arrange for signing of the practicum agreement with the company and the College **prior** to the start of any practicum placement. This is necessary due to the legal conditions surrounding a practicum placement. The agreement for a non-paying practicum placement includes Workers' Compensation coverage provided by Columbia College. Without a signed agreement, Worker's Compensation coverage is not available to the student, and the student is working at their own risk.
7. Should the student be working at the practicum placement without all documents completed, the student does this as volunteer work that will not be counted towards their practicum hours. Columbia College assumes no responsibility for this decision.
8. The student is responsible for ensuring that the mid-point evaluation is completed at 150 hours and the final evaluation at 300 hours. Evaluations are to be handed in to the Practicum Advisor of Human Services at per established timelines. Log Hours are to be handed in with the Final Evaluation.
9. If a student does not complete their practicum requirements by the end of their program, the student will not be eligible to graduate at that time. The student may request an extension of two months by filling out a Practicum Extension Form. The fee for the extension is \$300. Payment must be made at the time the form is submitted to the Registrar's office. A request to have the fee waived may be made by the student if the student has demonstrated every effort from the beginning of the program that they have been seeking a practicum placement but has been unable to secure one, and has asked for assistance from their Practicum Advisor and Program Chair of Social Services or that the host site has not been able to accommodate the student with enough hours due to circumstances beyond their control. The Program Chair of Social Services Programs must support this request which is made to the Manager Student Services. The student will fill out the practicum extension form and submit it to their Program Chair Social Services Programs for endorsement. The form will then be given to the Manager, Student Services for approval. This form is available on the HSPD243/4 Moodle page.
10. If a student does not complete their practicum course by the end of the extension period, the student will be required to repeat the course and pay the tuition fee assessed by the program. In unusual circumstances, a further extension may be permitted.
11. At the end of the practicum experience, the student should write a Thank-You letter to the work site supervisor. This may be a formal letter or in the form of an email.
